THE UNIVERSITY OF MELBOURNE

Faculty of Medicine, Dentistry & Health Sciences

Department of General Practice

Invitation

SHORT COURSE 20 - 21 APRIL 2016

Qualitative Research Interviews Principles and Practices

This is a two day course aimed at researchers who plan to undertake qualitative research interviews. The course will provide an overview of qualitative research interview principles and practices.

Day One provides an introduction to the qualitative research interview and an overview of different interview methods. Day Two introduces the practices of qualitative research interviews including the different skills and techniques required to conduct interviews and prepare data for analysis.

COURSE CONVENOR

Dr Victoria Palmer
Senior Research Fellow,
Department of General Practice

POTENTIAL PARTICIPANTS

This course is suited to the novice or more experienced researcher. Those interested in the course are likely to be conducting their own qualitative research interviews, or looking to expand their knowledge and skills of interview methods.
